## Data source and methods

### Incidence

**Country-specific data source:** Cancer Registry, Region of Antofagasta, Arica Cancer Registry, Cancer Registry - Province of Bío Bío, Concepción Cancer Registry, Region de Los Ríos (Valdivia) Cancer Registry

**Method:** Estimated from national mortality estimates by modelling, using mortality:incidence ratios derived from country-specific cancer registry data

### Mortality

**Country-specific data source:** National (WHO)

**Method:** National rates projected to 2020

### Prevalence

Computed using sex-, site- and age-specific incidence to 1-,3- and 5-year prevalence ratios from Nordic countries for the period (2006-2015), and scaled using Human Development Index (HDI) ratios.
